Wauwatosa is a community many of us have chosen because of its excellent and diverse housing stock, stable and safe neighborhoods, quality schools, and proximity to Milwaukee's many cultural and social offerings.

Today's busy lifestyles allow less time for interaction among neighbors, and less time to be part of city government process. Yet to foster a sense of community, it is important to get involved in our neighborhood's future. Picture a neighborhood where residents know not only people on their street, but also the people living around the corner and down three blocks - this is a neighborhood which is a fun, friendly, and safe place to live.

The Neighborhood Association was established to strengthen our residents' quality of life, to energize neighborhoods, and to encourage involvement in our community.
